

Dear

I was delighted to receive your letter. As you can imagine it is very busy up here in the North Pole as we are getting closer to Christmas.

The elves are working very hard but we did take some time off to have our Annual Snowball Challenge and to go tobogganing. Mrs. Claus came in second place in the snowball challenge!

I am looking forward in dropping by your home again this year and rest assured there will be something in my sack just for you.

Wishing you all the best this Christmas,

*Santa Claus*
